Please read these instructions carefully before assembling or operating this product. Ensure you are familiar with all of the safety and operating instructions.
Introduction

The Birlea range of massage armchairs are designed to be comfortable and stylish whilst offering excellent value for money.
The armchairs come in a variety of faux leather colour options to suit most decors, and are made to the highest quality and are CE marked.
The weight limit for this armchair is 21 stones (136kg)
For more details about our products please see your local dealer.

Important Safety Information

Please read all of these instructions fully before assembly or operation.
- NEVER stand on the chair or footstool
- Unpack and check that you have all of the parts and attachments shown
- To avoid risk of suffocation to children or animals, dispose of the plastic bags correctly
- Remove all packing materials and dispose of correctly
- Assembly is best carried out by 2 people
- For indoor household use only
- Ensure that only Birlea parts are used on the armchair. Periodically visually inspect the handset and power cord for signs of wear, chaffing or cracks
- When reclining the armchair, ensure that you will not collide with anybody behind you
- Carelessness Causes Fire. Caution should be taken to avoid fire. Please ensure that all cigarettes and matches are properly extinguished. Please be careful of other fire hazards such as electric and gas fires, etc. nearby
- The weight limit on the armchair is 21 stones (136kg). Please ensure that only one person uses the massage chair at any one time
- Do not use the massage chair in dusty, humid or damp environments as this could affect the electrical and mechanical parts of the armchair. The armchair may also be sensitive to temperature changes. If possible, try to gradually change the environment temperature. If this is not possible, do not use the armchair for the first hour after the temperature change
- Be careful with the cables on the massage chair. When plugging/unplugging parts, always grip the connectors (not the cables). Ensure that cables are free, not taut or wound around, and that there is no risk of cables being caught, snagged or chaffed
- Keep your body relaxed during the massage. If you require a more gentle massage, place a blanket or towel on the chair behind you
- Please consult your doctor before using the massage chair if you are convalescing, pregnant or have malignant tumour(s), or high fever
- If you suffer from any abnormal and/or serious pains when using the massage chair, switch off the massage function and consult your doctor
- If any of the following occur, switch off the massage chair and remove the power supply from the mains:
  - The massage chair does not work or has got wet
  - The fabric of the massage chair is damaged and parts are exposed
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instructions concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance

Keep these instructions for future reference

Chair Assembly Instructions

**Step 1:** Attach the footstool legs (1) to the footstool connector (6) using hardware parts A, G and H. You will need to use the M6 Allen Key (J) for this step of the assembly.

**DO NOT use any power tools as this may damage the chair and will invalidate any claims**

**Step 2:** Attach the chair legs (2) to the chair base connector (7) using hardware parts A and G. You will need to use the M6 Allen Key (J) for this step of the assembly.

**DO NOT use any power tools as this may damage the chair and will invalidate any claims**

**Step 3:** Attach the footstool cushion (3) to the footstool connector (6) using hardware part C. You will need to use the M6 Allen Key (J) for this step of the assembly.

**DO NOT use any power tools as this may damage the chair and will invalidate any claims**
Step 4: Assemble the hinge that connects the back of the chair to the seat of the chair using hardware part (B) (screw and nut) using the M6 Allen Key (J) and spanner (K) for this step of the assembly.

**DO NOT use any power tools as this may damage the chair and will invalidate any claims.**

Step 5: Using the Allen Key (J) attach both plates (E) with the arrows uppermost and facing forward acknowledging the correct ‘hand’ to the chair using screws (D). Then attach the arms (5) to the plates using screws (C). Attach handle (F) using washer (G) to the chair as indicated.

**DO NOT use any power tools as this may damage the chair and will invalidate any claims.**

**KEY - Function**
1 – ON/OFF
Turn on your chair using the On/Off button. Your chair will ‘Quick Start’ immediately in automatic mode for 30 minutes.

2 – AUTO
Using the Auto button, the massage function will cycle operate from 1-10 modes. These 10 modes have different vibration frequency and strength. You can feel 1 mode for 1 minute, it takes 10 minutes from 1-10 modes, and then recycling.

3 – MODE UP
Using the Mode Up button, the Automatic mode stops, the mode can move up and Operation massage function in your chosen mode continues.

4 – MODE DOWN
Using the Mode Down button the Automatic mode stops, the mode can move down and Operation massage function in your chosen mode continues.

5 – INTENSITY
Using the Intensity button, massage strength can be adjusted from 1-10. You can see the light on the controller and adjust the strength up and down.

6 – TIMER
Using the Timer button you can increase the time from 30 to 99

7 – HEAT
Using the Heat button you can feel the heating on your waist.

8 – HOLD ON/OFF
When AUTO mode is switched on, pressing the HOLD ON/OFF button locks the currently running massage mode. Pressing HOLD ON/OFF again resumes the AUTO mode cycle.
Care and Maintenance

Storage:
- Keep the massage chair dry and clean. Use a dust sheet to protect the massage chair if it will not be used for a long period.
- Do not expose the chair to strong sunlight or high temperature, as this could cause the fabric to fade.
- When not in use, switch the massage unit off and disconnect from the mains.
- Do not put any heavy articles on to the armrests or footstool as this could damage the armchair and/or caused it to become unstable. Do not sit or stand on the armrests or footstool.

Cleaning:
- Do not rub the surface of the chair with hard or coarse objects.
- The wooden parts of the chair may be cleaned with a duster or dry cloth. Polish should not be used as this can cause abrasion of the wood.
- Use a damp cloth with mild detergent to clean the fabric upholstery and steel frame. Then wipe with a dry cloth. Do not use detergents containing solvent as this could damage the fabric.
- Only use a dry cloth to wipe the handset.

Troubleshooting

Your new armchair and footstool is covered by a one year warranty. Please note however this warranty does not include:
- Damage from misuse, and use over the specified weight limit.
- Material fading over time or through sunlight.
- Damage from spills or leaks.
- Collision damage (running against walls, etc.).
- Accidental tears and damage.
- Cigarette and match burns.
- Damage by pets from (but not limited to) animal/pet claws, soiling and smells.
Your Birlea massage armchair and footstool comes with a comprehensive twelve month warranty. The warranty conditions are below.

1. Should any part of the armchair require repair or full or part replacement as a result of a manufacturing or material defect within twelve months of receiving the armchair, parts will be supplied free of charge. Note: The guarantee is not transferable.

2. Any repaired or replaced parts will be covered by this warranty for the balance of the warrant period on the armchair.

3. Parts replaced after the original warranty has expired will be covered by a three month warranty.

4. Consumable items supplied will not generally be covered during the normal warranty period unless such items require repair or replacement clearly as a direct result of a manufacturing or material defect. Such items include (among others) upholstery, batteries.

5. The above warranty conditions apply to brand new chairs. If you are unsure whether your chair is covered, check with the service agent/dealer.

6. Under normal circumstances, no responsibility will be accepted where the armchair has required assistance as a direct result of:
   a. The armchair part not having been maintained in accordance with the manufacturers recommendations.
   b. Failure to use the manufacturers specified parts.
   c. The armchair or part having been damaged due to neglect, accident or improper use.
   d. The armchair or part having been altered from the manufacturers specification or repairs having been attempted before the service agent/dealer is notified.

In the event of your armchair requiring attention, please contact your service agent/dealer and give all relevant details so they can act quickly.

The manufacturer reserves the right to alter without notice any weights, measurements or other technical data shown in this manual. All figures, measurements and capacities shown in this manual are approximate and do not constitute specifications.
